**PATROL CRAFT SERIES**

This HDPE patrol boat is a very seaworthy craft providing excellent maneuverability and performance even in shallow waters thanks to its waterjet propulsion system. The vessel has been designed aiming for an efficient performance on tactical patrolling operations on a variety of coastal environments. Repair needs can be executed in a short time very conveniently. This patrol boat is very durable thanks to innovative thermoplastic HDPE building material. This vessel's life is 30+ years without requiring any maintenance with the hull nor any painting or anti-fouling.
